**Mr. Woodruff meets regularly with the counselling staff: Mr. McHargue, Miss Deal, Miss Kirkland, Mr. Robinson, Mr. Flora, Mr. Kauffman, and Mr. Hart**

Guidance of all three kinds is given EHS students by their class counsellors: curriculum planning, career planning and the setting up of personal goals. Each counsellor begins to advise a student in his tenth year, and sees him through to graduation—or tries to. This friendly interest means that each student has someone who knows him personally and is concerned for his welfare.

The guidance program is headed by the principal, C. P. Woodruff; the assistant principal, Mr. Updike; the guidance

chairman, Mr. Kauffman; and the two deans, Miss Gookin and Mr. Rogers. This group plans all of the school's academic and extra-curricular affairs.

Much of the guidance is carried on through the home-room. *Sophomores* are oriented into school affairs and traditions through group counselling; *Juniors* are given vocational tests and guidance into careers; *Seniors* are aided in choosing colleges, planning careers, establishing goals for the future.

## *English is a basic subject*

Since three years of English are required for graduation from EHS and since most students take four years, the English curriculum is both wide and deep.

A four-track plan is the basis of the English courses, a plan which is fitted to the needs of all kinds and levels of students, and includes remedial, accelerated, general and college-preparatory courses.

Writing lab, English and American literature, modern literature, and Bible are offered, as well as several courses in speech. In all English classes, films, recordings, and classroom libraries enrich the material in texts. In addition, the school library offers a wealth of material in books and periodicals.

But contrary to the idea that many critics have about the English taught in our modern schools, the basic study of grammar, spelling and mechanics is not neglected in EHS. On each level and in each class, the fundamentals are stressed. The department is uniform in this, as well as in the matters of grading papers, in encouraging supplementary reading, and in working for good English usage.

## Science teaches us to think

The study of science aids students in discovering what makes up their universe and leads them into new fields of understanding.

All of the science courses can be of direct use in daily lives. In the new Chemical Bond Approach to chemistry, students learn to classify substances and to see the particular way by which atoms are linked by chemical bonds.

In addition to regular courses in physics, the science of matter and energy, and in biology, the science of living things, students may take advanced courses.

## Math challenges us

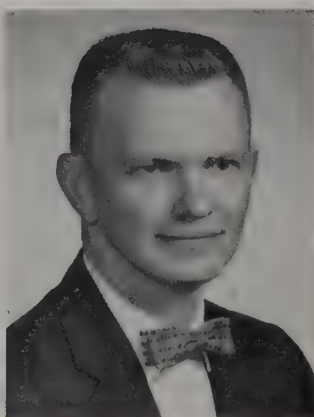

The young person who chooses mathematics as a career joins an illustrious company: Euclid, Decartes, Gauss, and many others. With Kepler he learns the laws governing the planets; with Newton he discovers the composition of light; with Einstein he unlocks the atomic age. Dr. Norris Sheppard has said, "The youngster who goes into mathematics will be taking up the oldest and one of the noblest of the sciences. It is more than the science of numbers . . . more than a science revealing the real significance of time and space. It trains a man to cope with unknown quantities and to translate their relationships into logical, comprehensible patterns."

## Languages enlarge our world

At EHS this year the beginning classes in Spanish and German are being taught by the audio-lingual method. As the name implies, this approach emphasizes the use of the spoken language as the primary objective. While the method itself is not new, materials adaptable for use with it have only recently become available.

The basic material is presented to the student in the form of a dialogue. First the meaning is given in English; then the dialogue is taught sentence by sentence until each student is able to take any part of the dialogue and recite it without hesitation. The dialogue thus learned serves as a model of various grammar points. Vocabulary is kept to a minimum in the beginning stages of foreign language learning and is learned in context, rather than in isolated words.

French students study pronunciation in our excellently equipped language laboratory. Latin students, however, are more concerned with the literary aspect of the language and do not use the language laboratory.

## Social Studies build citizens

Current events, U.S. government, world geography, ancient customs—these important parts of our heritage are also important parts of the social studies curriculum at EHS. Two of these courses, United States History and American Problems, are so necessary for the education of future citizens that they are required for graduation. World History, an elective, develops an understanding of other countries: their history and their influence on world problems.

Effective Living aids our personal and social development and helps us to understand others. For students interested in teaching, Cadet Teaching offers practical experience through placement in grade schools.

All these social studies courses prepare us for our roles now and in the future.

## Business courses train us

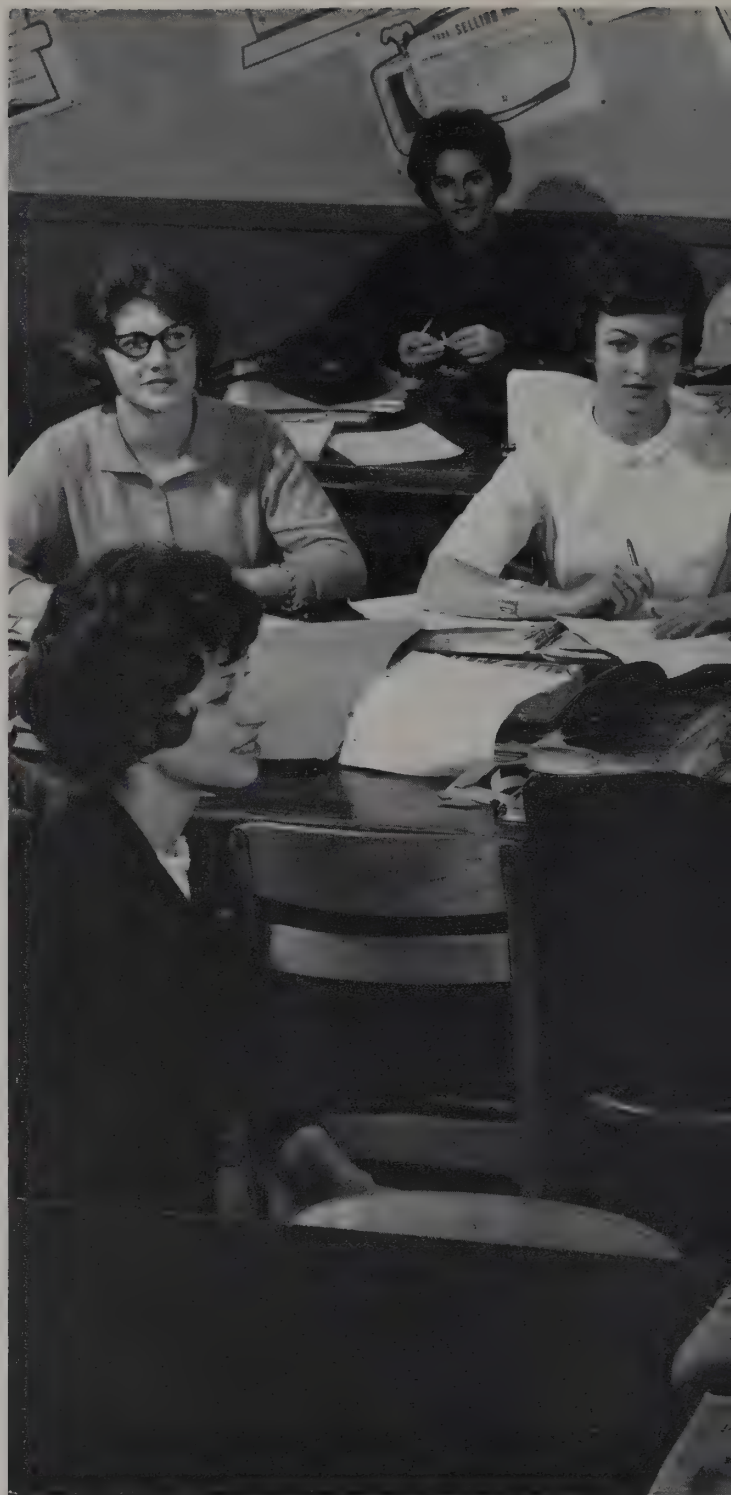

With bookkeeping, shorthand, typing, merchandising, and clerical practice as their courses, the department strives to develop students for jobs in these areas.

Students studying secretarial practice spend two hours daily in class learning to take dictation, transcribe, file and be receptionists.

Bookkeeping is a study of the factors that affect profit. Merchandising prepares students for salesmanship.

The business department serves not only those who continue in business after graduation but also college-bound students with shorthand, typing and notehand.

## ***Homemakers of tomorrow***

Based on the belief that the preparation for the career of being homemaker and mother is as important as the preparation for a career in the world of employment, the school's Home Economics department offers a senior course in family living, child development, home nursing, and housing.

Sophomores and juniors are offered a two-part course in the selection and preparation of food and the selection, making, and care of clothing.

Since everyone treasures his home and family, the Home Economics department prepares girls to be efficient family members.

## Fine Arts

### Visual Plastic Arts:

The plastic art program is designed to foster the perception of objective criteria existent in all areas of "creative" activity.

Areas specifically dealt with in all beginning art classes are: lettering, sculpture, ceramics, graphics, drawing, and painting. Advanced work is grouped in three major categories: painting and drawing, sculpture and ceramics, graphics and special projects.

#### Music:

Music plays an important part in the curriculum. Our school's musical groups, the band, orchestra, and choirs, are actively learning and performing, under the leadership of skilled directors, great works by renowned composers.

## ***Industrial Arts lead to careers***

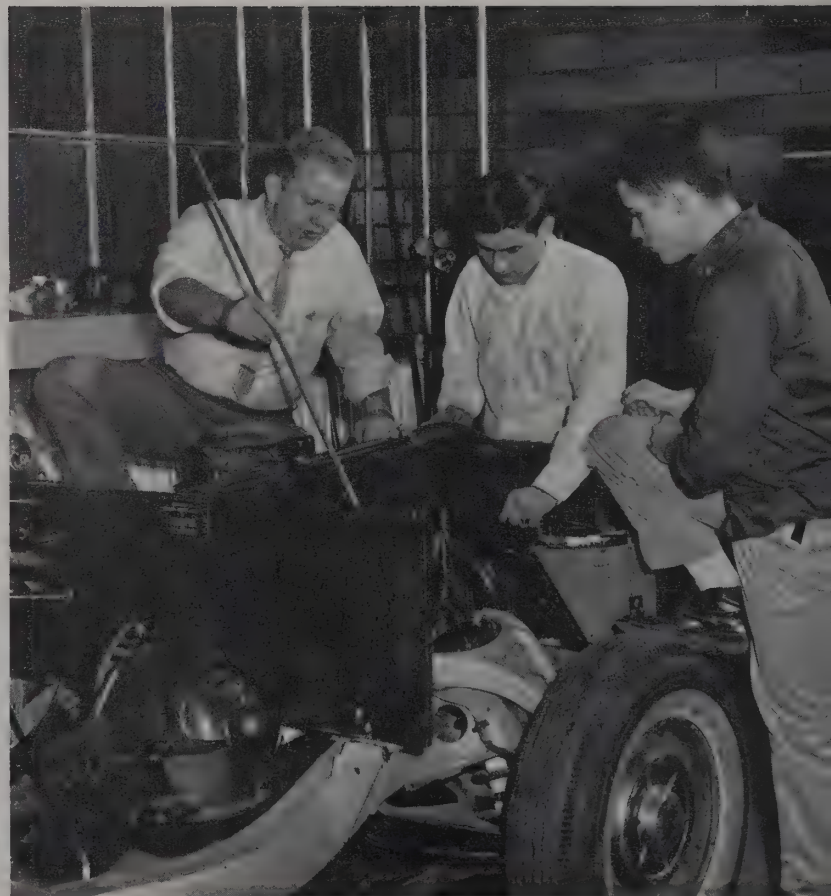

The Industrial Department of EHS plans its curriculum to meet the needs of Elkhart, a city renowned for its industrial enterprises. This curriculum seeks to develop an understanding of the extraction of raw materials and the manufacturing processes involving these materials.

In addition to processes, courses provide students with an understanding of the tolerances, workmanship, finishes, material selection, design quality, and all factors which affect a product's construction and ultimate consumption.

This understanding will assist youth in their adjustments to the industrial and highly technological society of the future, as consumers, producers, or both.

The Industrial Department is divided into Industrial Arts and Vocational Education. Industrial Arts is a preparatory course of specialized fields of higher education or for a chosen vocational field.

## Industrial Arts

Vocational Education is a direct training course to prepare the graduate for an industrial occupation.

We are offered training in woodworking, graphic art, electricity and electronics, machine trades, automotive power and transportation, drafting, general metals and building trades, all taught in well-equipped shops.

In the building trades, actual homes are designed, built, finished, and sold. This year for practical experience, the building trades are also doing construction work on the Field House at Rice Field.

## ***Driver training: Health education***

Physical education classes, which meet three times a week in one semester and two times a week in the other semester, are required for all sophomores. Through general conditioning activities, sports, team or individual games, rhythmic and self-testing activities, the students learn to practice good sportsmanship and study hygiene.

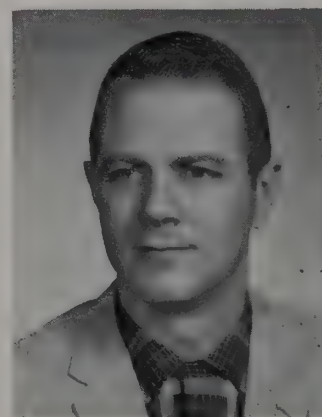

A knowledge of highway safety rules, of proper attitudes, and of courtesy in driving are stressed in driver education. Twenty hours of classroom instruction, with six hours of behind-the-wheel training, are taught by four teachers in classes which begin at 7:00 in the morning and continue throughout the day.

## Class of '62

The Senior year was an exciting culmination of personal achievements and traditional activities under the sponsorship of Mrs. Fox and Mr. Harvey; the officers were chosen in September. The first activity, a cider and doughnut party was held in October.

In the following months we chose our colors, lilac and yellow; our flower, the violet; and our motto, "Learning precedes success", as well as our name cards, announcements, and caps and gowns in preparation for graduation.

The spring months were filled with rehearsals, teas, and other pre-graduation activities. On April 21, the students sponsored a car wash to raise money for the Hospital Development Fund. The final class picnic was held May 19; "Oklahoma", a new type of Senior Day Program, was presented June 1. Then came the end of school activities: Baccalaureate on June 3, the Senior Banquet on June 5, the AAUW tea for girls on June 6, and Commencement on June 8.

**The Homeroom Committee:**  
Mr. Kauffman, guidance chairman; Mr. Wysong, Seniors; Miss Zehner, Sophomores; Mr. Rogers, Juniors

## The Homeroom Committee

The Homeroom committee, with Mr. Kauffman as guidance chairman, plans the homeroom programs for all three classes. Through these programs, seniors, juniors and sophomores are given the information they need for commencement, junior activities, and sophomore orientation into EHS.

In the Senior year the programs in the fall semester are aimed toward plans for college. In the second semester, those Seniors not going to college are offered help through the advanced training program.

In the Junior year, the theme for program building is "My Future". Following the Kuder Preference Tests, juniors wrote vocational themes, and, on career day, attended group meetings in which local leaders of industry told them about their chosen fields.

The Sophomore homerooms first learned about EHS organizations, customs, traditions. They learned the school hymn, they were given the rules governing absences, passes, pep sessions and assemblies.

During an assembly for college night, Rich Ballard, student council president, introduces members of the cadet teaching class who describe various state and area colleges

## ***Counselors, Speakers, Help Us***

Counselors at EHS help students plan their courses of study and also help them with personal problems. Although each counselor has a teaching schedule, he makes himself available for conferences, spending many hours each day in advising students. Usually a counselor takes his student through all three years of high school, so that from his sophomore to his senior year the student knows his counselor as a guide and as a friend.

One of the advantages of attending a good school in a good community is getting to know the leaders of the community. Many times during the year Elkhartans give generously of their time and energy, coming into the school and talking to classes and home rooms. In the picture at the right, Mr. William P. Miller, local theater owner, discusses movies with the Modern Lit. class.

## Class of '64

The class of '64, the largest sophomore class to ever enter EHS, had a busy year adjusting to high school life and planning ahead for their junior year. Orientation assemblies in the fall about the responsibilities of growing up and the school rules were followed by the election of officers. Taped homeroom assemblies were given concerning colleges and other methods of advanced training.

In April the class selected its ring and held its first individual activity—the Sophomore class picnic. The Talent Search Committee, a new committee selected by the officers, was formed to discover and encourage talent for the Follies and other junior activities next year.

## The EHS Student Council

Seemingly all problems which arise throughout the school year are brought to the attention of the Student Council, an organization acting as a co-ordinating body between the faculty and the student body. This year the Council, led by President Rich Ballard and sponsored by Mr. Updike and Mr. Kauffman, consisted of sixty-six members, representatives and alternates elected from the homerooms, who discussed and solved many problems and initiated service projects.

Three Council committees have done outstanding work this year. The Hall Traffic Committee tackled the crowded hallway problems. Rules were presented to help eliminate these problems; between classes monitors were stationed at the passageways and on the stairways to enforce the rules and to insure quicker easier passing. Time and effort spent by the members of the Student Handbook Committee resulted in the reprinting of the Student Handbook this winter. On March 5 handbooks were distributed to every EHS

student. Next year a foreign student will attend EHS; this is the result of a fine job done by the Foreign Student Committee members.

In addition, two projects were successfully carried out by the Council. Working in co-operation with Pep Club, the Council sponsored the first Homecoming Basketball Queen. On April 7 the Council sponsored a Work Day. As a service to the community, students worked for local citizens who were unable to do the work themselves.

## Girls' League

Every girl of EHS belongs to Girls' League. The purpose of this club is to create better relationships and to promote unity among the girls. Ten girls from each class make up the advisory council which usually met once a month to discuss problems around the school and future activities.

Cracker barrel, with Carol Baker as chairman, was the club's outstanding committee. Discussions on hair styles, per-

sonal hygiene, steady dating and teen-age marriages were held during the year by cracker barrel.

The annual "kid" party, the big sister-little sister Thanksgiving party, and numerous coke parties were some of the activities which made this year successful. Spring activities included the vocational tea, the style show, the vesper service, and a Sadie Hawkins dance.

## **Boys' League Advisory Council**

The Boys' League, an organization meant to bring the boys of EHS closer together and to promote brotherhood, gives programs that are of interest to the boys or to the school.

Every boy is a member of Boys' League; the advisory council, consisting of five boys elected from each class and the league officers, decides on programs, parties, and services and then presents the decisions to the boys at the Boys' League assemblies.

This year the League saw Mr. Davies' slides of his trip around the world and Mr. Weaver's slides on Africa. In cooperation with Girls' League, they sponsored the Sadie Hawkins Dance on April 27 and the all-school picnic in the fall.

## National Forensic League

**Officers—Christine Prasse, Pres.; Nancy DeWees, Sec.; Linda Thorne, Contest Mgr.; Nancy Tiedemann, Treas.; Mike Pollock, Vice-Pres.; Mary Frances Yoder, Recording Sec.; John Andrews, Sgt.-At-Arms**

The National Forensic League, sponsored by Mr. Wenger, met the first and third Thursdays of every month in the library during the club period. The club tried to promote interest and participation among the club members who discussed future contests, recognized winners from recent contests, and gave speech demonstrations or had speakers at their meetings. The members elected Christine Prasse, President; Mike Pollock, Vice-president; Nancy DeWees, Secretary; Nancy Tiedemann, Treasurer; and Linda Thorne, contest manager.

Outside their meetings, the members participated in speech contests throughout the state. Through this competition for speech awards with speech students of other schools, NFL members gained valuable speech experience. Such contests were the Howe Inexperienced Contest, the Purdue Contest, the Howe Experienced Contest, the Manchester High School Speech Tourney, the Rotary Speech Contest, the Oratorical Contest sponsored by the local Optimist Club, the District Contest, the Zone Contest, and the State Contest.

The club members also spoke to service clubs and to various community groups and organizations. They introduced assembly speakers, gave readings in homerooms, and gave morning announcements.

## National Honor Society

National Honor Society was formed with the idea of creating enthusiasm for scholarship, stimulating a desire to render service, and encouraging the development of character among students. This year most of the projects used to attain their goal centered around a brotherhood theme. The group attempted to promote brotherhood by having a party for underprivileged children, making displays in store windows, and having several good speakers at meetings.

This club of fifty-one members, under the sponsorship of Miss Zehner and Mr. Willis, held a spaghetti supper as their money-making project. The money was used to present a \$100 scholarship to one of the club members.

The club also carried on their usual activities of tutoring students who need help and sending congratulatory cards to students with exceptional grades.

## Future Medical Careers Club

Active in the school and in the community were forty-five girls who were the members of Future Medical Careers Club, sponsored by Mrs. Kolbe. This year the group Christmas caroled at the hospital and wrapped favors at Christmas for the Mental Health Association.

Throughout the year, medical school personnel, schools of nursing personnel, and hospital personnel came to discuss the aspects of many different medical careers, aiding the girls in deciding upon a future medical career.

Financed by the profit made from the club's candy-selling project, an informative trip was made to medical schools this spring. A picnic for the members and their mothers concluded the year's activities.

## Future Teachers of America (FTA)

The fifty FTA members, under the sponsorship of Miss McKeehan and Mr. Hartzler, have been busy this year pursuing their goal of learning more about the teaching profession. They have accomplished their goal by having excellent speakers at meetings and by having programs conducted by students in the form of panels or discussion groups.

Not only have the club members enriched their own lives by learning about possible future occupations but they have also done many things to improve conditions in the school and the community. Their most important projects were choosing a boy and girl each month as a good citizen and setting up a display in the First Old State Bank in connection with American Education Week. However, they also gave their teas during the year, held a party for kindergarteners at the Rehabilitation Center, and attended two FTA conventions.

## Future Homemakers of America

The purpose of Future Homemakers of America is to help individuals improve personal, family, and community living, both now and in the future. In order to achieve this goal, the members carried out many projects which benefited not only the individual members but also the school and the community. This year some of their outstanding projects were repairing toys with the members of Machinist Club at Christmas, assembling a Christmas basket full of food and toys for a needy family here in Elkhart, supplying the "thought for the day" during National FHA Week in April, serving refreshments at the faculty meetings every month, and assisting at other school activities when needed.

Miss Amsbaugh, the club sponsor, contributed her advice and assistance to make the annual money-making project, which this year was a cookie sale, a success. Her presence added to the girls' enjoyment of the club and of the club activities and projects and contributed to the general feeling that the club's outstanding achievement was the fun, joy, and excitement that the girls found through working together.

## Triple L

Triple L has always been a service club, but this year because of the large membership, it was necessary for the club to divide into two groups. However, the Triple L girls and the Little L's often combined to work on service projects. This year they ushered at "College Night" and the choir concerts, took presents to a crippled child, had a Valentine project, sold carnations, kept up a bulletin board, and each week visited an old people's home. However, their most outstanding project was helping to support a Greek orphan boy.

The club met every other Thursday in Room 220 with the sponsors, Mrs. Burkhardt and Mrs. Watson. During meetings the members listened to talks given by school personnel on many interesting topics.

The final event of the year was a banquet honoring the senior club members.

## Hi-Y Club

Although the two Hi-Y groups at EHS function individually, the purpose of the clubs is the same—to create, maintain, and extend throughout the home, school, and community, high standards of Christian character.

Alpha Hi-Y served the community by putting on programs for the county home, by working for the Salvation Army at Christmas, and by helping at the Retarded Children's Center. They have had various projects throughout the year to raise money for the needy.

Beta Hi-Y served the school by working in the check-rooms at games. They serve the community by ringing bells for the March of Dimes and by distributing posters for the United Fund Drive.

## Y-Teens

Y-Teens met every Tuesday evening at the Y.W.C.A. with the sponsors, Mrs. Ball, Miss Hall and Mrs. Glassburn. At regular meetings the 150 members enjoyed a variety of good programs which were geared to help the girls grow in friendship with people of all races, religions and nationalities, and to help them grow in the knowledge and love of God.

Outside of meetings the girls were busy carrying out many activities. Among them were conducting a candy sale, helping the Salvation Army and the March of Dimes, sponsoring the Sweetheart Swing, Christmas caroling, and putting on a car wash.

The club's most outstanding achievement of the year was helping to establish the new Teen Canteen for teen-agers in Elkhart.

## **The EHS Choirs**

Visitors! Concerts! A TV program! A Ford Foundation composer! A trip to Chicago!—all these were part of this year's choir activities!

One of the first activities for the Concert Choir was singing in the South Bend State Teachers' Convention Chorus on October 26. A selected group of seniors participated in this event.

Preparing to give the annual Christmas Concert on December 7 and 9 was a big task. However, from the beginning, the candle-lit procession, to the end, the human Christmas tree,

the concert was a thrilling experience for all the members of the choirs. "Gloria," a selection for multiple choirs and brass ensemble written by Mr. Lewis Miller, our Ford Foundation composer, was presented at this concert.

Taping a Christmas program which was presented on Christmas Day as part of the local TV series "Expedition into Music" meant a tedious but exciting evening at the WSJV studios. Solos and groups receiving firsts at the local music contest January 11 went to Penn Township for district contest on January 27. Finally, the state contest was held at Butler University in Indianapolis on February 17.

The local choir festival for the ninth grade and high school choirs was held January 30. Each choir sang individual numbers and combined to sing four selections, each conducted by one of the four numbers.

April found the Concert Choir traveling to Chicago to hear the Chicago Symphony Orchestra with guest conductor, Van Cliburn. On April 7 all four choirs went to Goshen to participate with the choirs of Goshen, LaPorte and Michigan City in the annual quad-school McEglp Choral Festival. Ivan Kortkamp was guest conductor.

The Spring Concert, a dress-up affair in formals and tuxes, featured numbers from "Porgy and Bess" and "Camelot." "Camelot" was also the theme of the Choir Banquet held May 14. Finally, a performance at Baccalaureate ended the year's activities.

Mrs. Ethel Kambs, faithful and talented accompanist for all choirs, deserves many thanks for her help and inspiration.

## **EHS Symphony Orchestra**

*John Andrews and Nancy Ryger at a rehearsal*

The EHS Symphonic Orchestra, which consists of 110 pieces, has an excellent country-wide reputation. But size alone does not set this orchestra apart from other high school orchestras. Fine musicianship and the desire to produce well the works of the masters have earned the orchestra its achievements.

The EHS Symphony Orchestra was, for the third consecutive year, privileged to practice and perform the music of its own Ford Foundation composer, Lewis Miller. The orchestra performed Mr. Miller's "Danza" in their autumn concert, and they performed his "This Universal Frame" with the combined choirs in the spring choir concert.

The orchestra gave three concerts during the year featuring music by Handel, Sibelius, Lerner and Loewe, Moussorgsky, Brahms—to name just a few. The orchestra also accompanied the choirs in both their Christmas and Spring concerts.

## **EHS Symphonic Band**

The EHS band started off the 1961-62 season by marching at football halftime shows. The seniors met the final show with mixed emotions: some were glad that it was over; others, sorry.

The first concert was hastily put together in two short weeks. We performed "Swedish Rhapsody" by Leidzen and "Fete" by Hermann. After the first concert we settled down to work toward the contests.

Before we knew it, it was time for our second concert. We did part of "Scheherezade" by Rimski-Korsakov, "Prelude for Band" by Miller, and "Incantation and Dance" by Chance.

We did "Incantation and Dance" two weeks later at MENC (Music Educators National Convention) along with "Aria and Scherzo" by Frankenpohl, "Prelude for Band" by Miller, and "Overture: Elkhart 1960" by Washburn. For the concert in Chicago we wore our brand new uniforms.

We went to Band and Orchestra Contest on April 14 at New Haven. In May we gave the Senior Concert with mixed emotions of pride and sadness, an experience which seniors won't soon forget. The final performance of the 1961-62 band was at graduation exercises in June.

## **Pennant Weekly**

Inexperienced underclassmen made up the majority of the Pennant Weekly staff at the opening of the school year. Despite this handicap, the staff has steadily improved over the year and now boasts a fine newspaper every Friday.

The Pennant Weekly is issued each Friday during homeroom. Its platform states its purpose: to publish all the worthwhile news, to publicize the worthwhile activities of EHS. It is a paper for and by the students; that is, the paper is written entirely by staff members; it is linotyped and printed by students. Miss Kelly, Mr. Nellist, and Mr. Ulery supervise, but the Pennant is a student production.

The Pennant is also self-supporting. Copies are sold at ten cents. Our advertising staff solicits ads from Elkhart merchants who defray part of the expenses by their patronage.

The Weekly puts out several special issues: the Christmas issue, the tourney blue and white issue, the underclass issue in April, and the senior issue at the end of the year.

## Annual

The theme of the 1962 Pennant Annual is "What Does It Matter?" Through pictures and story, the annual illustrates that what the outside of a school books like doesn't matter. The desire to learn, the warmth, and the friendliness of a school on the inside are what makes a school great.

For the first time in the history of the Pennant Annual, color was used. In each of three four-page insert division pages, a double-spread color page shows an academic scene, an activity, and a sports shot.

The staff consisted of Kay Freeman, editor; Linda Mininger, Mary Nicholls, Nancy Ryger, Linda Weaver, assistant editors; Jim Ash, art editor; Steve Williams, sports editor. Heading the business staff were Steve Eldridge, manager, and Ray Mathis, assistant. Steve Bettcher and Janet Klingaman were the advertising managers, and Nancy Geil and Barbara Bundy served as the chairmen of the club section.

Many other seniors helped to sell ads, sell yearbooks, write copy, take pictures, mount pictures, type and do various other jobs on the book.

It was issued June 6 in a black leather cover, with a gold raised emblem of the school.

## The Junior Follies

With the chosen theme of "Oops" the Junior Follies story was centered around the experiences of a caveman (Larry Alt) who, through the use of a time machine, traveled down to the present age.

As he traveled forward instead of backward, he met such illustrious persons as Napoleon (Mike Kretschmer), George Washington (Diane Leiler), Caesar (Toby Wegrich) and his pal, Mark Anthony (Skip Pattitucci) and many other celebrities. He saw parts of the Revolutionary War, the Gold Rush, the fabulous Twenties, silent movies, speakeasys and all, and the television stars of the present. The final skit was at Cape Canaveral, with the sending up of a rocket.

The Steering Committee, which began work last summer was headed by Nancy Wiesner. Other members were: Helen

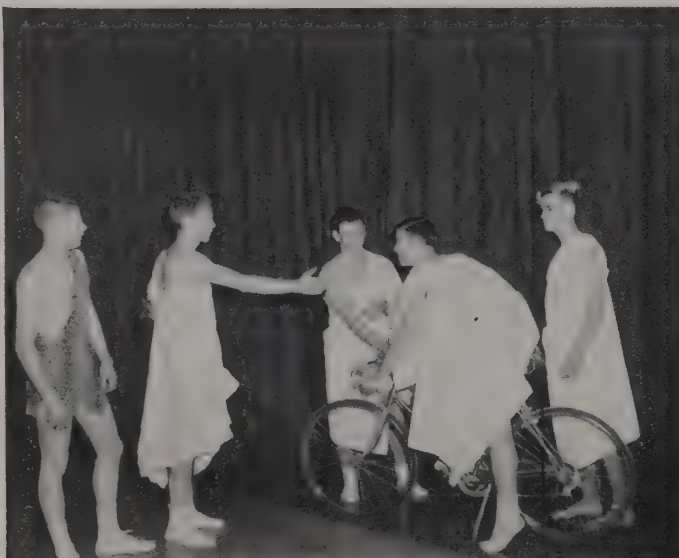

Harper, Jill Yousling, Breta Woodhull, Linda Patzsch, Janet Buckwalter, Jinx Compton, Sharon Mishkin, Larry Kemble, Jacquie Drake, Sally Rush, Carol McCormick, Larry Worden, Dave Evans, and Celia Williams. Ed Drexler was business manager; Sharon Mishkin, ticket sales manager; other juniors working as committee heads were: Margaret Masse, publicity; Page Spray, programs; Connie Kaade, scenery; Lynne Fischer, props.

The Junior Sponsors are Mr. Rohrer and Miss Pray.

## National Thespians Society

The National Thespians Society of Elkhart High School has been very active this year. Under the leadership of its officers and Mrs. Dillen, sponsor, the club has achieved its purpose: that of creating interest in and promoting dramatics in the high school.

At the bi-weekly meetings, a business meeting is conducted, after which the remaining time is devoted to the presentation of plays, and readings, or hearing speakers. Outside of the meetings, much time is devoted to the presentation of programs for church groups, home rooms, sororities, and occasional assemblies. The most active committee is the program committee, whose job it is to arrange programs for the club.

Some of the outstanding events of the past year were a field trip to Nappanee to see a play and the presentation of the two one-act plays: "The Dear-departed" and "Undertow". The most outstanding events of the year were the play, "The Night of January 16th" and the final event, the spring banquet honoring all Senior Thespians.

## Music Appreciation Club

The purpose of Music Appreciation Club is to broaden teen-age musical horizons and put teen-agers in touch with the mainstream of music. By discussing coming concerts, musical programs, recordings of jazz and serious literature, it is hoped that the members will gain a greater knowledge of and appreciation for good music.

Through their pursuit of enjoyment and understanding through listening to music in the club, the members under the direction of Mr. Davies have higher levels of awareness of their musical inheritance.

These language clubs like the German Club (right), are organized for further informal study of the people and the customs of the countries whose languages they are studying.

#### SPANISH CLUB

The Spanish Club has heard speakers from Spain, Mexico and Cuba. They made a trip in April to Chicago where they attended a play and ate at a Mexican restaurant.

## Distributive Education Club

Under the direction of Mr. Addison, sponsor, Jim Meyers, President; Judy Surls, Vice-president; Billy Niblock, Secretary; Kathy Englehardt, Treasurer; and Sue Miller and Sue Wollam, Historians, the members of Deca became more familiar with the business world.

Outstanding events during the year included attending the state convention for election of officers at which Jim Meyers was elected vice-president, the state contest at which several EHS Deca members placed, the Employer-Employee Banquet, and the talks given by speakers from the business world.

The group had a very successful Christmas sale of wrapping paper and ribbon this year; also they organized two large Christmas baskets which were given to two needy families in the community.

## Rifle Club

This year sixty students and Mr. Morgan, their sponsor, spent much time organizing the EHS Rifle Club. Within their constitution appears their purpose—to promote safe riflery through instruction of the use of firearms.

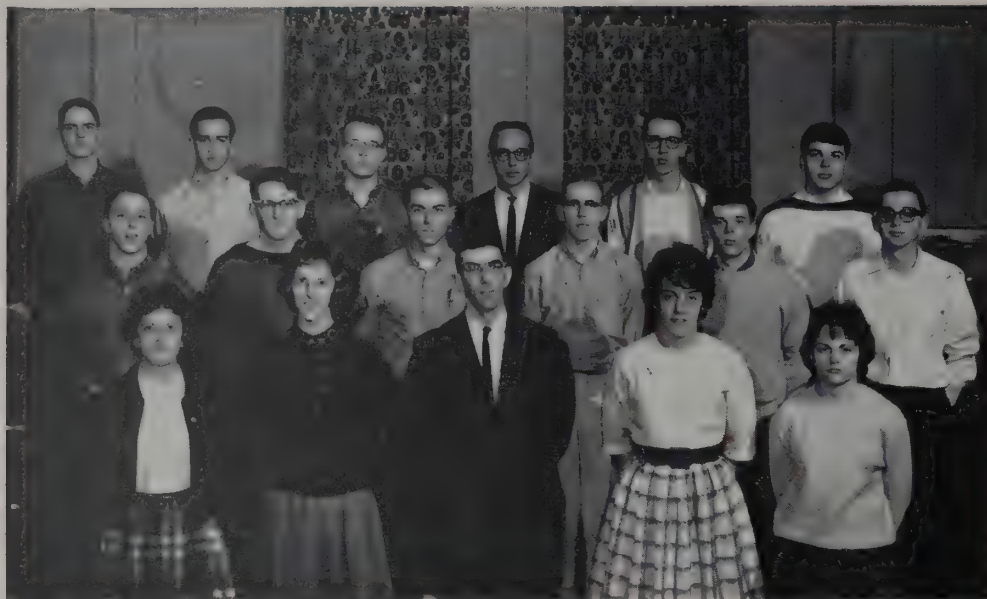

Their meetings were devoted to taking care of general club business, to discussing proper shooting form, and to listening to lectures on firearms. Outside of school, rifle practice was held at an indoor range on Cassopolis Street.

On May 17 an awards banquet was held at the ABZ restaurant. A speaker from the National Rifle Association addressed the members before the presentation of awards.

## Current Events Discussion

Although Current Events Club was formed this year, it already has a membership of twenty-three interested students. The purpose of this club is to stimulate thought through mature and intelligent discussion of any subject that is of interest to the group. This purpose is accomplished by allowing mem-

bers to choose a topic two weeks ahead of time. It is then up to the members to be informed on the subject by the next meeting.

This club serves the school by helping students through study of current affairs to become better informed students.

## Student Librarians Club

To serve the student body more efficiently and to increase an interest in reading, this was the purpose of the Librarians Club sponsored by Miss Book.

Seventeen members of the club attended the Hoosier Student Librarians Association annual conference on October 14 at Indiana University. On April 14, they attended the Northern Indiana H.S.L.A. conference at Penn High School. They also helped with book exhibits.

The officers were Mary Schuler, President; Linda Higgins, Vice-president; and Annette Donis, Secretary-treasurer.

## Journalism Club

Field trip to Elkhart Truth (Photo FAX machine)

Although the Journalism Club was organized specifically for staff members on the Pennant Weekly, any student interested in news writing or in journalism as a career could belong. This year thirty enthusiastic students comprised the group.

Since there is no journalism class, the club provided an opportunity for Mr. Nellist, sponsor of the Weekly as well as the club, to give the members training in writing news, writing heads, features and other types of material for papers and magazines. Students learned to size and crop pictures.

Field trips to the EHS Print Shop and the Elkhart Truth gave the club members a better idea of make-up, press work, linotyping and printing. For those interested in a future in journalism and related fields, Mr. Nellist discussed publishing procedures.

Newspapers and school newspapers were used as examples of various methods of handling news, of what news is and of how through syndicates, news is disseminated.

## Tomorrow's Workers

Members of Machinist Club, under the sponsorship of Mr. Wysong, studied various machines used in industry, noting new trends and new inventions.

The club met every other Thursday in the Machine Shop and planned their club projects at this time. The nineteen members elected Don Barfell, President; Bob Wiseman, Vice-president; Woody Graham, Secretary; Mike Erving, Program Chairman; and Mike Swartzel, Social Chairman.

Often speakers from the factories and around Elkhart talked to the club concerning the activities and duties of a machinist. The speakers discussed wages, pension plans, and advantages or disadvantages of each type of job. These talks were helpful to the club members in planning their futures.

The club's outstanding achievement of the year was their annual Christmas project of repairing toys and giving them to the needy children of the community. In the spring the club went on a field trip to Chicago.

## Activities

The Amateur Radio Club of Elkhart High School is designed to aid those students interested in earning their Federal Communications Commission license. The club helps members prepare for the Novice Technician or General class by teaching radio code and theory. They meet every Tuesday and Thursday under the direction of Carlton Osburn, president; Jim Robinson, vice-president; Karen Mahoney, secretary; and Ron Holdren, treasurer. Among their more important events and activities during the year were satellite tracking and Field Day. Last year they placed fifth in the nation among radio clubs.

## Chess and Checkers

*Officers—Ruth Tillotson, Reporter; Frank Lusher, Pres.; Steve Hager, Sec.; John Butterbaugh, Vice-Pres. II; Serge Krauss, Treas.; Bill Searcy, Vice-Pres. I; Mr. Dannheiser, Sponsor*

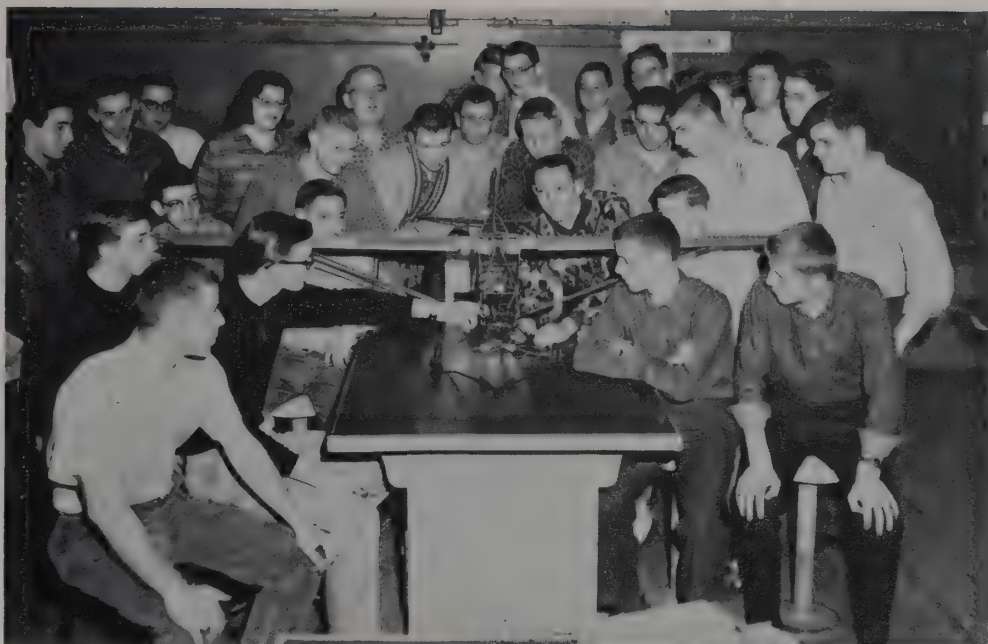

The ninety-one members of Chess and Checkers Club, under the supervision of Mr. Dannheiser, met every other Thursday in the cafeteria to play chess or checkers. However, interested members came each week.

The club aims to create interest in chess and checkers and to improve each player's game. However, at their meetings they not only play games but also teach beginners to play.

The club was represented by a team in tournaments at EHS and at other schools. On April 14, for example, the chess team competed with the John Adams High School chess team.

## ***Model Airplane Club***

Members meeting on Thursday with Mr. Baldrige learned more about one of the fastest growing hobbies in the U.S. They also had meets at Rice Field, where they flew models competitively.

## ***Skating Club***

Meeting in school, this small but enthusiastic group sponsored several skating parties.

## ***Model Car Club***

Sponsored by Mr. Sedgwick, fifteen members discussed better ways of building models. In May, they held a contest and awarded a trophy to the best model.

## Pep Club

*Making posters for the tourney*

The Pep Club, sponsored by Mr. Wright, has been outstanding in its role in promoting school spirit. This year, besides decorating the halls for all the football and basketball games and tourneys, the club sold "Go-Blazers-Go" pins and "Blue Blazer" license plates. For the first time, Pep Club sponsored a Basketball Homecoming Queen. The event was presented at the last home game. The members also planned pep sessions; speakers were invited to speak at these sessions or skits were presented by the club members. The Pep Club also organized a bon fire at Studebaker Park before the Elkhart-Goshen game.

Approximately twenty-five members met Mondays after school in the cafeteria to discuss programs for pep sessions, to plan activities for the club, and to have special committee meetings.

## Varsity Club

Fifty-six boys who had earned a major letter in one or more of the eight EHS sports were members of Varsity Club this year. Tom Lantz was elected President; Roger Kollat, Vice-president; John Chester, Secretary; Arlyn Guengerich, Treasurer. Mr. Silcott was their sponsor.

Promoting school spirit, developing closer relationships among athletes, and promoting better sportsmanship, the members worked on the dime line for four week ends, sponsored the "Will Be—Has Been" game in March, and gave a breakfast for all members at a regular club meeting in March.

## Girl's Athletic Association (G. A. A.)

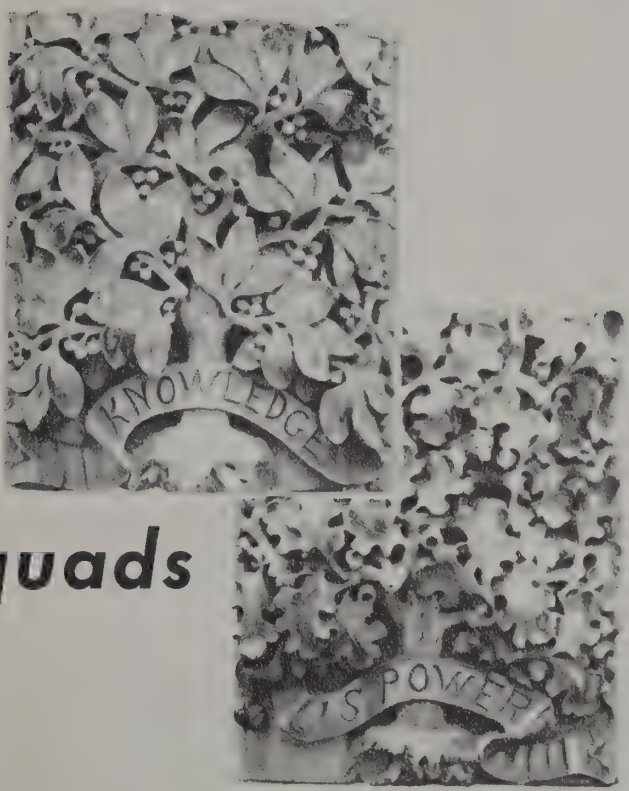

G.A.A. is an athletic club for girls who are interested in improving their skills in various sports while also learning the rules of good sportsmanship. The girls meet every Tuesday and Thursday in the gym with their sponsor, Miss Kendall. At these meetings they not only had discussions which helped to create attitudes of good sportsmanship, but they also practiced their skills in such sports as volleyball, basketball and badminton. At various times during the year the girls had a chance to show their abilities in competition with other schools.

The G.A.A. club also helped on the Dime Line as a service to the community. They completed the year with a Mother-Daughter banquet at which awards were given to the girls for their achievement.

## **SPORTS at EHS**

Since 1895 when the first football team was organized, and 1921 when basketball began, sports have played a prominent role in EHS activities.

At present, the sports program includes eight sports in which many blue and white clad athletes participate, making good records. The coaching staff is one of the best, and student support is good.

Football, track and other outdoor sports are played on Rice Field, one of the finest in northern Indiana. The North Side Gym is the pride of the community; here, during basketball season, "Indiana madness" rocks the rafters of the huge gym.

Athletes who wear the block E are honored, and the color and thrill of EHS games are an unforgettable part of the school year.

## The life of an Athlete . . .

The life of an Elkhart athlete begins early. In fourth and fifth grades in grade school, the athlete begins his career by practicing hours in various sports in order to make the sixth grade teams. At this age, the young athlete is stimulated by his idols, the stars on the EHS varsity squads. Every young footballer or basketballer thinks of the day when he too will be an Elkhart High School athlete. Our grade school and junior high school coaches are aware of this ambition, and therefore do their best to prepare these young boys mentally and physically for their future athletic careers in high school.

When the athlete finally grows to high school age, he realizes that this is the time he has been waiting for and takes advantage of his learned and practiced skills in making himself the athlete he wished to become many years ago. He works hard in practice and makes sure he is in good shape, which is necessary for success in any sport. He keeps

in training and doesn't forget to keep up his grades in school, a requirement for all EHS athletes.

At EHS, the coaches are of the best quality in every way. They are not only terrific coaches in the sense of their ability to teach young athletes about a sport, but also in their ability to encourage our teams to be sportsmen at all times. Our coaches all have sons of their own and are concerned about the welfare of each boy.

Finally, our EHS athlete accomplishes his goal by completing a season in athletics. Back in grade school he had planned for this long range goal. Now he has worked hard to achieve it. Now that he has achieved it, he is ready to receive his award from the school with his teammates. The award may be a giant "E" or it may be a trophy, but nevertheless, whatever the award may be, it not only shows one season of hard work, it shows many, many years of wishing, working, and waiting.

EHS Football Squad

## Practice Began Early

On August 15, a large group of boys showed up at Rice Field for football practice. Many of last year's starters had graduated but still a few stars were back with many promising underclassmen. Working hard on those hot pre-school days paid off as our season record showed.

After three hard weeks of getting in shape, the Blazer squad started the season with a win over Hobart. In the opening quarter Elkhart took the kick-off and marched eighty-five yards to score the first touchdown. Hobart scored on a long screen pass play with twenty seconds left in the second quarter, but the extra point was blocked by Joe Morgan and Steve Terlep. At the half the score was Elkhart 7 — Hobart 6.

The second half of play was mostly a defensive battle. There was no scoring except for John Janzaruk's fourth quarter field goal. The final score was 10-6.

Elkhart kept up their fine play as they defeated Fort Wayne North Side 19-7. The big gun for the Blazers was Coley Webb, who scored all three T.D.'s. Roy Swoape also played a fine defensive game, making ten tackles.

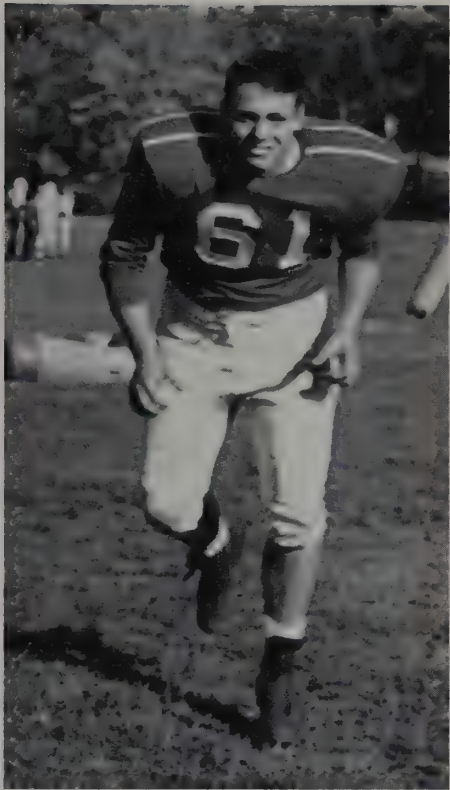

The third Blazer game was not quite so successful as the first two. They lost to Mishawaka 13-6. Although Elkhart scored first when Willie Bell plunged over from the two-yard line, Mishawaka scored twice in the second quarter and took a 13-6 halftime edge. The second half was scoreless, and Elkhart experienced their first defeat of the year.

In the next game Elkhart tied with a very rugged South Bend Washington team. The Blazers took the lead in the

first quarter, when quarterback Jerry Ferro passed nine yards to Coley Webb for a touchdown. Washington did not score until the last quarter. Several Blazers played their best game up to this date, in spite of a tie score. John Janzaruk carried the ball 103 yards in thirteen tries. Willie Bell and Al Trent made spectacular runs of 66 and 50 yards respectively.

After their loss to Washington, the Blazers came back to defeat LaPorte 20-13. LaPorte took the lead in the second quarter and was ahead at the half 7-0. In the third quarter, however, the Blazers caught on fire and completed a 51 yard drive with Willie Bell plunging over the last two yards for a touchdown. Then, in the last quarter Al Trent ran the longest run of the year when he ran a LaPorte kickoff 91 yards for Elkhart's second touchdown. Four minutes after Trent's spectacular run, Bell again went through the LaPorte line for Elkhart's third and final touchdown.

South Bend Riley was Elkhart's next victim. Although Riley scored in the first quarter, Elkhart came back in the second quarter to score on a 64 yard drive. This left the halftime score at 7-7. The third quarter was scoreless for both teams, but in the fourth quarter the Blazers drove for

With seven minutes left in the game, Willie Bell ran the final 3 yards of the drive for the T.D. and John Janzaruk kicked his second consecutive P.A.T. for a 14-7 win over Riley. Elkhart's outstanding pass defense held the Riley quarterback to no completions.

Elkhart's next game was against their old and rugged rival, Goshen. The game turned out to be strictly a defensive struggle. The only scoring in the game was done by John Janzaruk, who scored on a 4 yard run after a screen pass-and-run combination from Fred Brandt to Coley Webb had set it up. Elkhart played a magnificent defensive game by holding Goshen to a total of only 65 yards. The final score was Elkhart 7- Goshen 0.

At this point in the season Elkhart had a 4-1-1 record in conference play, with competition remaining against two other conference opponents. The first of these was South Bend Adams. Adams took an early lead in the first quarter by making a touchdown, but Elkhart came back strong in the second quarter to take the lead, 7-6. The third quarter was scoreless, but the Blazers caught on fire in the fourth quarter when Jerry Ferro passed to Webb for the touchdown, which gave Elkhart a sure victory. The final score stood at 14-6 in favor of Elkhart.

In the last game, the Blazers lost a heart-breaker to Michigan City. The latter took an early lead in the first

to score their final touchdown of the year. Our Blazers ended up with a fine 6-2-1 record.

Among those to be congratulated this season are the five EHS football coaches. First of all Head Coach John Janzaruk should be noted for the fine work he did with his material this year, as he has done in the past. Secondly, we must congratulate Tony Campagnoli who has been working with Jan for years has developed into one of the best high school line coaches in the United States. Also we must mention Rollie Hoover, who knows about everything there is to know about backfield coaching. His coaching of our backfield men has sure shown results in the past few years. There were two newcomers to the EHS coaching staff this year. They were Harold Cavitt and Jim Bartlett. Coach Cavitt, in his first year with our football team was a tremendous help to both the coaches and the team. Jim Bartlett, who by the way, was a former all-around athlete at Elkhart in his day, did a sensational job in coaching the Blazer Bees. All of these men inspired, guided and encouraged the Blazer football teams all through a very successful season.

The EHS Football squad ended its fine football season with a special football banquet. The guest speaker was Ray Eliot, athletic director and former football coach at the University of Illinois. The Blazer players were all congratulated for their fine work and many players received trophies for special and superior efforts.

Among the award receivers were Willie Bell and John Janzaruk. Bell received the coveted Most Valuable Player award and Jan received the Most Valuable Offensive Back award and the Most Spirited Player award. John, by the way was the only player to receive more than one trophy. Another award receiver who must be mentioned with praise is Roy Swoape who received the trophy for the most tackles. Roy had a real fine season and will go down in EHS football history as one of Elkhart's best linebackers. Steve Bock, offensive guard, was named by his teammates as captain of the team. He also received the Best Offensive Lineman award.

Others who received awards were Dave Pippenger, Best Defensive Lineman; Bill McDowell, Best Defensive Back; Al Reames, Dick Janzaruk, Lucky Miller, Most Pass Interceptions; and John Chester, Most Downfield Blocks.

## Basketball

As soon as football was over at Rice Field, basketball began at the North Side Gym. The Blazers had a good season and carried their victories into the semi-finals at Fort Wayne.

## **CHEERBLOCK, Yell Leaders add Color to Blazer Games**

The Cheerblock is one of the best known clubs at EHS because it is active at all home basketball games. By leading cheers and setting a good example, the Cheerblock fulfills its purpose of promoting school spirit and good sportsmanship.

The club, sponsored by Miss Pray and Mr. Baldridge, met every Wednesday evening at North Side Gym to practice formations, new cheers, and discuss problems recently encountered.

This year the club had the opportunity to take a trip to Fort Wayne in order to back the Blazers at the semi-finals. This, however, was not the only trip taken by the club; they also accompanied the team to several regular out-of-town games.

EHS Cheerleaders have made a great contribution to the spirit of the student body, and have worked hard to add color and pep, not only at the games, but also at the pep sessions.

They achieve their positions on the varsity cheering squad through competition, they maintain the same eligibility as the athletes, and have the respect of the school as leaders. Miss Kendall is their sponsor.

Although boy cheer leaders had been talked about for some time, they were not really organized on an effective basis until this year. Working with the girls on routines, they too added color and enthusiasm to the basketball games.

## **The Blazers opened with two wins**

Our Blue Blazers had little trouble with the opening game of the '61-'62 basketball season, beating the Penn squad 58-43. The Blazers showed fine possibilities with good team play.

Three days later Elkhart went to visit the Nappanee Bulldogs in their new gym and walked away with a 55-39 victory.

However the first real test of the many tests coming up was staged the next Friday at East Chicago Washington, where our Blazers lost to eventual runner-up State Champs 46-62.

The following day Elkhart bounced back to polish off the Marion Giants 65-58.

Elkharts' first conference game was played at LaPorte.

## **Before Losing to East Chicago Washington**

The Slicers upset the Blazers with a controlled game edging them out 38-39 in a last minute thriller.

The following week the Blue evened its conference record at 1-1, beating the Mishawaka Cavemen 73-48.

In the second game that week-end Muncie handed Elkhart a 54-58 defeat. The Blazers led most of the way but fell behind in the final seconds of play.

After playing the number two and number three teams in the state, East Chicago and Muncie, it was only proper to play the number one team, the Kokomo Wildcats. Elkhart made a fine showing but failed to hold Jim Ligon, losing 60-70.

In the Holiday Tournament Elkhart walked away with honors by defeating Hammond 76-71 and South Bend St. Joe 69-51. The high point of the tourney was the scoring of big John Serbin in the night consolation game: 48 points against Valparaiso.

In their next game Elkhart started out a brand new year by defeating the South Bend Washington squad 87-64.

When our Blazers went to Indianapolis to play Attucks, hardly anyone gave them a ghost of a chance. Surprising everyone, including Attucks, they traded leads throughout the ball game, losing in the last seconds by two points, 60-62.

Elkhart managed to keep a hot streak throughout the entire Michigan City game to run away to a 82-66 victory.

For two more contests our Blazers stayed red hot, downing an inspired Richmond team 76-68 and running over a troubled Fort Wayne North team 74-60.

## *They went down to the Semi-State*

However the Big Blue cooled off rapidly, giving Max Bell headaches during the next week-end. Elkhart knocked off Goshen and Fort Wayne Central by identical scores, 54-49. The games were very similar. In both Elkhart had early leads, lost them, but regained a slim five-point lead at the final whistle.

The last victory of the regular season came with a 74-56 triumph over South Bend Riley. This was our homecoming night; maybe the queen and attendants inspired the boys.

After defeating South Bend Riley we got the South Bend blues, losing to South Bend Adams in an overtime 58-60 and to South Bend Central 68-76. These last two defeats gave us a 6-3 conference record, good for third place, and a 13-7 season record.

Finally came the State Championship games. Our Blazers ran over Jefferson 91-34 and Penn 84-47. The Big Blue were still tournament hot when they handed Goshen a fat loss 80-62.

In the afternoon game of the Regionals, Elkhart trounced Bourbon 81-48. The Blazers then met the South Bend Central Bears. Remembering an early loss to the Bears, the Blue jumped to an early lead and maintained it for a 66-62. Elkhart was paced by Webb with 25 points followed by Lantz with 21.

The following Friday the student body gave a rousing send-off to the team as the Blue Blazers headed for Fort Wayne to do battle with the Fort Wayne Central Tigers. It was a nip and tuck battle but Elkhart came from behind to win 61-58. Then at night for the Semi-State Championship, our Blazers met with the highly rated Kokomo Kats. Elkhart jumped to an early lead and led at half-time, but fell behind

*Bickel reaches for a rebound*

## ... and finished with a 19-8 record

in the last minutes of play. Elkhart played its finest game but so did Kokomo, as they won 73-70.

Dutch Struck, Athletic Director at Hanover, was the guest speaker at the basketball banquet which ended the basketball season. Of course, the major part of this banquet was to honor the team, and the team honored itself by selecting three Most Valuable Players, Tom Lantz, Roger Kollat, and Coley Webb; and three tri-captains Tom Fetter, Tom Lantz, and Bill Bickel. Other trophies were awarded to: Most Rebounds, Coley Webb; Free Throws, Roger Kollat; and B-team Free Throws, Dave Hunn.

B-teams are supposed to be the varsity's little counterparts, except someone forgot to tell our B-team this. Backed by 6-4 Dick Penrod and 6-5 Ted Reasoner, our little Blazers fought for a fine 17-3 season record. Other regular players were stand-out guards Dean Foster. Gregg Yoder, Dave Hunn, and Don Johnson. These six players supplemented by three forwards 6-1 Dave Anderson, 6-1 Chuck Richardson, 6-0 Stanley Gill were Coach Jerry Hostetler's backbone to quite a tremendous B-team.

The Elkhart Bees lost only to S.B. Riley, S.B. Central, and Kokomo. This meant they defeated such teams as Muncie, Attucks, and Goshen twice. The scoring was evenly distributed with Yoder leading with 117, followed by Gill with 108, Reasoner with 94, Penrod close behind with 92, and rounding out a starting five Foster with 83. Congratulations on a fine job!

## Bobby Thomas Gets Third in State

Our Blazer Wrestlers did a fine job this season by winding up with a 7-4 record and tying for fourth in the sectionals.

Three wrestlers qualified for the regionals at Lafayette. They were Dennis Howard in the 120-pound class, Roger Holdren in the 112, and Bobby Thomas in the 95-pound division. These three boys qualified by finishing no lower than second in their divisions in the sectionals.

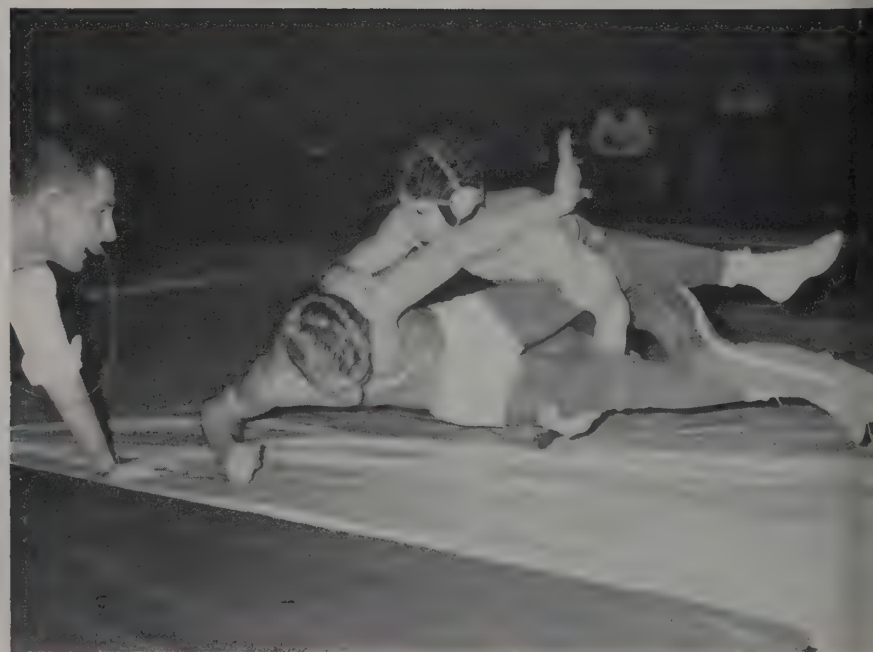

Bobby Thomas was the only Blazer Matman to go down to state and he did a marvelous job finishing third in the state in the 95-pound division class, and he's only a junior.

Coach Rollie Hoover, who is considered one of the finest wrestling coaches in the area, must be congratulated for his marvelous work with this year's team.

Front row—B. Thomas, B. Arbogast, R. Holdren, D. Howard, N. Hart, T. Zience, K. Hollingsworth. Row 2—A. Reames, R. Ravenscroft, K. Martin, A. Middleton, J. Cleveland, D. Pippenger, V. Terlep.

Front row—T. Fetter, T. Cittadine, S. Rogers, B. Dowell. Row 2—J. Ferro, D. Kulp, J. Bradley, B. Meyers. Row 3—T. Kucela, J. Janzaruk, B. Huffman, M. Smith, R. Mathis, Coach J. Hostetler.

## Baseball

The Blazer Baseballers, like many of the other EHS teams this year, were hit hard by graduation. With the support, however, of a few talented seniors and a terrific coach the Blazers have come along in fine shape.

Some of the very outstanding men from last year's squad are pitchers, Mike Smith and Jeff Bradley, and outfielder

Tom Fetter. Smith and Bradley alternate the pitching chores and playing the outfield. Using this method, Coach Jerry Hostetler can use his available talent.

Because of many rained out games early in the season, the Blazers have a crowded schedule in the last weeks of their competition.

In their latter games in May, the Blazers have looked much better in all around strength and should end the season with a good record.

## Tennis Team has another fine season

Although Coach Grover Smith and the EHS tennis team were plagued this year by injuries, they compiled a fine 6-2 record and tied for second place in the E. N. I. H. S. C.

Only two lettermen returned from last year's squad—Tom Lantz, a senior, and Dennis Kulp, a junior. However, four newcomers to the varsity showed much progress during the season and played a major part in developing Elkhart's fine record. Tom Lantz and Tom Zience, both extremely valuable to their team's success, will be lost through graduation.

The Blazers had a slow start by dropping their opener to Goshen 5-0; but they bounced back to defeat South Bend Adams 3-2, South Bend Riley 5-0, and Michigan City 3-2. In their next match they lost a heart-breaker to South Bend Central, 3-2, but redeemed themselves once more by whipping LaPorte and Mishawaka by identical scores of 4-1.

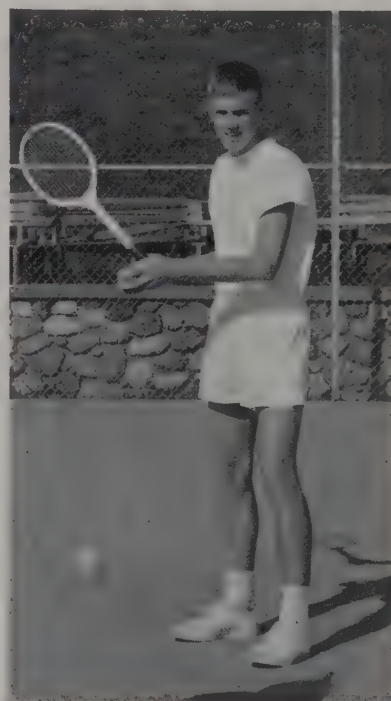

They completed their fine 6-2 record by defeating a very rugged Fort Wayne North team 3-2.

**EHS Tennis Star,  
Dennis Kulp**

**Tennis squad: Bottom row, left to right—D. Kulp, D. McFarland, T. Lantz, G. Havrilenko, U. Kesim, T. Zience. Top row—M. Riley, T. Lefevre, J. McFarland, T. Rinehart, J. Hollar, T. Reasoner, G. Smith, coach.**

**Captain, Tom Lantz**

## Cross-Country

Bottom row, left to right: B. Burden, S. Pletcher, P. Pletcher, D. Hooley, D. Gygi. Top row, left to right: D. Piefer, T. Billings, J. Conn, T. Amos, B. Escue, M. Long, L. Toth, G. Yoder.

The EHS Cross-Country team and Coach Joe Harvey are to be congratulated for their high spirit and hard work this year, in spite of their relatively poor season.

Injuries and graduation losses both caused much of the running burden to be placed upon the shoulders of Bob Escue, this year's only returning letterman.

The Blazers did shine, though, in meets with Howe Military and Warsaw, by defeating them both by wide margins. They also finished eighth in the sectionals, which is always one of the roughest meets of the season.

Since most of Coach Harvey's young Harriers were under-classmen this year, we may expect a very good showing next fall.

**Hurdler Walt Wise**

## Track

Coach Matt Ronzone, upon his return from Germany this year, met an enormous job in rebuilding the Blazer thinclads after losing many of last year's stars through graduation. To almost everyone's surprise, however, the Blazers compiled a 7-1 record in their first eight dual meets. The one loss was to Fort Wayne South by only one half of a point.

One of the biggest surprises of the year was Steve Terlep's early record in the shot put of 53' 9½". This put broke Jeff Slabaugh's EHS record of 53' 1¼" in 1959. The surprising thing about Steve, though, is that as each time he throws the shot it travels a little bit farther, breaking his own record at each meet.

Other performers who have done well this season are Walt Wise and Dean Trindle in the hurdles, Jerry Harper in the 100 yard dash and the broad jump, Denny Howard in the 220, Bob Escue in the mile, Steve Williams and Bill Frost in the 440, John Chester in the 440 and high jump, Al Reames and Ron Reif in the pole vault, Tom Billings in the 880, and Steve Campagnoli in the shot put.

With the most important meets of the season yet to come, the Blazers are expected to make a very fine showing in every event.

Brandt, J. Chester, S. Williams, B. Perry, R. Kery, A. Reames, D. Howard, B. Burden, T. Billings. Row 3—Coach Janzaruk, T. Buchanan, R. Escue, D. Newsome, R. Erb, D. Bueter, D. Pipher, V. Terlep, D. Johnson, R. Rief, J. Conn, D. Routson, J. Harper, R. Ursery, D. Janzaruk, R. Davis, C. Clarkson, B. Holmes. Row 4—G. Bowers, J. Pelton, mgr., S. Krauss, W. Wise, T. Schoville, K. Hollingsworth, D. ## Golf

Stone practices on his swing

Although the Blazer Golfers had only one returning letterman from last year's squad, they have compiled a fine 4-2 record. Among the top prospects for this year's squad are seniors Bob Stone, only returning letterman, Chuck Conway, and Steve Brown. Backing up these seniors are junior, Wallie Wise and sophomores, Greg Yoder and Dave Hunn.

Although the Blazer squad is compiled largely from inexperienced underclassmen, the team as a whole is expected to improve greatly as the season matures.

Because there is no EHS golf course, Coach Max Bell and his Blazers use three different courses for practice and matches. On alternating days they play at Elks, Elcona, and Four Lakes Country Clubs. This way the boys receive experience playing on different courses at different times.

*Whatever is done with this rambling old building in the future, it will always be remembered and revered as the center of a community that wanted and supported good schools.*

## *Junior Advisory Council*

The Junior Advisory Council of the Board of Parks and Recreation of Elkhart, Indiana, was organized in 1950 by the Superintendent of Parks and Recreation. The Constitution adopted gave it the name of the Municipal Junior Advisory Council.

The objects of the council, as stated in the constitution, are as follows:

The objects of this council shall be to foster, promote and extend activities, facilities, high ideals and ethics of conduct in all phases of leisure time in the City of Elkhart. These objects shall be reached through conferences, demonstrations, sponsorships when advisable and other means to provide for the wise use of leisure time.

Membership of the council is composed of five seniors, four juniors and four sophomores of Elkhart High School. Some of the specific activities of the organization are cooperation with the Y-Teens Council, sponsorship of special activities of the Parks and Recreation Dept., sponsorship of the

annual dinner of the Parks and Recreation, adoption of the code of laws for conduct at dances conducted by the Junior Advisory Council and the Y-Teen Council.

The rules of conduct adopted by the two councils are kept in operation during the vacation months in the summer and the council sponsors summer vacation dances which are held twice a week in one of the parks. The council is a member of the State Youth Association and attends the Governor's Conference on recreation each year. Just last January the council held its first tenth anniversary dinner at which time all past presidents were invited and the program was conducted by the ex-presidents of the council.

Although the Junior Advisory Council is an advisory organization, it wields a great influence in the lives of the young people of Elkhart, through suggestions and conferences and other means to provide for the right use of leisure time.
